Second edition of a 1992 Australian adaptation of a US text for undergraduate and postgraduate students of accounting theory. Focuses separately on the theoretical and professional approaches to accounting. Includes student exercises, index and tables. The authors are Australian and US academics.

All the tools students need to understand American politics—with 9 chapters on Texas government and politics.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Macroeconomics in Context lays out the principles of macroeconomics in a manner that is thorough, up to date, and relevant to students. Like its counterpart, Microeconomics in Context, the book is attuned to economic realities—and it has a bargain price. The in Context books offer affordability, engaging treatment of high-interest topics from sustainability to financial crisis and rising inequality, and clear, straightforward presentation of economic theory. Policy issues are presented in context—historical, institutional, social, political, and ethical—and always with reference to human well-being.

Discover the vibrant energy and challenging excitement found in business today within the engaging, magazine-style pages of Kelly/McGowen's BUSN 2E. Designed specifically for today's learners, BUSN promises to keep the reader turning page after page with a streamlined, riveting design that presents all of the core Introduction to Business topics in only 18 succinct chapters, including a unique chapter on Business Communications. Much more than just another textbook, BUSN 2E directly connects today's reader with what's happening in business today and how it will affect them, whether they are a business major or have other plans. This second edition provides a more reader-focused, less linear, proven learning model, still all at a reader-friendly price. Written by long-time business instructors and developed with first-hand input from today's students, the eye-catching presentation focuses on the business principles most important to the learner's success with less reading, more visuals and manageable chunks of information that ensure the reader understands the concepts on each page. Memorable examples from today relate the business topics to every day life and career success. Numerous resources tightly integrated with the text, including an interactive website and the latest news feeds, help sharpen business, study, and communication skills while keeping readers motivated and excited about business today.

Organizational Behavior is a unique text that thoroughly explores the topic of organizational behavior using a strengths-based, action-oriented approach while integrating important topics such as leadership, creativity and innovation, and the global society. Authors Afsaneh Nahavandi, Robert B. Denhardt, Janet V. Denhardt, and Maria P. Aristigueta focus on the interactions among individuals, groups, and organizations to illustrate how various organizational behavior topics fit together. This text challenges students to develop greater personal, interpersonal, and organizational skills in business environments, as well as utilize their own strengths and the strengths of others to achieve organizational commitment and success.

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

BlockFoundations of Financial Managementis a proven and successful text recognized for its excellent writing style and step-by-step explanations that make the content relevant and easy to understand. The text's approach focuses on the "nuts and bolts" of finance with clear and thorough treatment of concepts and applications. Block provides a strong review of accounting and early coverage of working capital (or short term) financial management before covering the Time Value of Money. Foundations of Financial Management is committed to making finance accessible to students. This text has stood the test of time due to the authors' commitment to quality revisions.

Electronics rule in this engaging simulation as students go digital with the latest retail software, DVDs, video cameras, music, and more in this merchandising business organized as a corporation. Students complete the simulation after Chapter 22. Completion time 10-15 hours.
