Cancer sucks, death sucks even more. But we humans don't have the power to stop either of them from messing with our lives. They enter our lives whenever and wherever they choose to. Cancer is so common that each one of us have known someone who has dealt with the disease; some of us have lost a loved one to cancer. Common does not always mean simple, and it also does not mean we know everything about it. The diagnosis of cancer, regardless of the disease's curability, is almost always nerve-racking, even for healthcare providers like the main character of this book who is a veteran nurse. This book is written in first person; the subject is a middle aged woman who had been separated from her boyfriend some thirty years ago and then after three decades when she searches for an oncologist for treatment of an aggressive cancer that she was recently diagnosed, she finds her ex-boyfriend's name and decides to see him. That brings back the memory of their past together, and she starts going through her old diary she had written some thirty years in the past. Part of the story is set in Nepal (from the diary) and the other part is set in the USA (this takes place after her cancer diagnosis). The main character of the story was born with 'Manglik' cosmic influencer, meaning that the planet Mars "mangal Graha" was in such position in the solar system at the time of her birth that it would have strong negative effect on her husband if she married a man who was non-Manlik (a person born at the time when the planet Mars was not in such position.) What happens next changes the lives of the main characters.

Are you a Catholic who no longer practices your faith? Do you feel closed off from the church because of your political or lifestyle circumstances? In Archbishop Wynn Wagner's enlightening, supportive, and sometimes irreverent book, *Recovering Catholic: How to be Catholic without being Roman Catholic*, you'll discover an entirely new way of looking at, and participating in, the Christian world you once loved. The author, who considers himself a recovering Catholic, introduces us to the Old Catholic Church, where 100% is Catholic, and 0% is Roman Catholic. So what's missing? Dogma, unfair judgment, homophobia, racism, and levels of discrimination we prefer not to discuss outside the church, and which the Roman Catholic clergy refuse to acknowledge inside the church. This book and this man will remind you about the joys that exist in a religion that loves and accepts. Amen to that!

The Audacity of Faith is about the greatest five-letter word in the English language: FAITH, and about how critical it is to our survival, whether or not we are Christians.

Miracles happen today. Do you want to increase your faith? Read about miracles. True stories of God's faithfulness, love, and power are woven together with art, poetry and scripture into a tapestry made of the colors of the rainbow that demonstrate the many aspects of faith. A woman finds herself in a car accident on a lonely Nevada highway gazing at her two daughters sprawled on the road. She screams in terror for help. Someone places a white gold cross in the palm of her hand. This changes everything. "A White Gold Cross," one of the true stories found in "Faith Colors, Encounters with God in Living Faith," explores the power of faith in God to transform the outcome of a terrible crisis. This story is found in the section called White Faith, the kind of faith that strengthens the inner heart to persevere. A son prays in earnest while the emergency team from the fire station try to revive his father. After the paramedics give up and permission is granted to stop CPR, the father miraculously begins to breathe on his own. But will he survive long enough to take care of his unfinished business? This story is found under Blue Faith, the kind of faith that looks up from a dark pit to find hope. These testimonies and others, including some of the author's own experiences, are grouped into the colors of the rainbow to highlight important aspects of faith. Poems and prophetic art, intensifying the impact of the messages, are found throughout the book. Each color section concludes with a prayer to draw the reader's heart closer to God. Scriptures and colorful prophetic pictures featured in this book highlight significant attributes of faith that are bound to spark hope in God and His promises found in the Bible.

Is it possible to experience joy made full? This story is one of heroic recovery. Darcy's sights are firmly set on winning The National Oldtime Fiddle Contest in Weiser, Idaho. She barely gains traction with her quest when tragedy strikes.

For some time, it has lingered restive, waiting to waken as if from a dormant state, an irresistible and fundamental basis of inquiry from which certain questions had formed as to whether there were true spiritual blessings bestowed on the whole of the Reformation movement, and which extended to all its leaders and the revolting rabble, and also, whether it was the right or even the best action to take, and also, whether the virtuous means and the unwitting results, were all that pleasing to God? These questions seem to beg for reasonable and truthful answers. And along with these questions there is an unequivocal assumption that the Reformation and the Protestant Revolt occurred primarily for the benefit of the Catholic Church. This book lays out the reasons in what-if perspectives and proves that Protestantism is truly a false religion, while stipulating that some of its members, like most Catholics are all truly Christian children of the God of Israel. The book also details the reasons why all non-Christian religions are doomed from the beginning as was the Reformation and the Protestant Revolt.
