~~OurMilitary.com~~

Jarhead: Anthony Swofford Jarhead is a first-person account of Cpl. Anthony Swofford's experiences as a Marine Corporal between the years 1988 and 1991. Jarhead, aptly named for the high and tight haircuts sported by Marines, touches on the life of an enlisted Marine through the perspective of an immature young adult.

Anthony Swofford's Jarhead is the first Gulf War memoir by a frontline infantry marine, and it is a searing, unforgettable narrative. When the marines -- or "jarheads," as they call themselves -- were sent in 1990 to Saudi Arabia to fight the Iraqis, Swofford was there, with a hundred-pound pack on his shoulders and a sniper's rifle in his hands. It was one misery upon another. He lived in sand for six months, his girlfriend back home betrayed him for a scrawny hotel clerk, he was punished by boredom and fear, he considered suicide, he pulled a gun on one of his fellow marines, and he was shot at by both Iraqis and Americans. At the end of the war, Swofford hiked for miles through a landscape of incinerated Iraqi soldiers and later was nearly killed in a booby-trapped Iraqi bunker. Swofford weaves this experience of war with vivid accounts of boot camp (which included physical abuse by his drill instructor), reflections on the mythos of the marines, and remembrances of battles with lovers and family. As engagement with the Iraqis draws closer, he is forced to consider what it is to be an American, a soldier, a son of a soldier, and a man. Unlike the real-time print and television coverage of the Gulf War, which was highly scripted by the Pentagon, Swofford's account subverts the conventional wisdom that U.S. military interventions are now merely surgical insertions of superior forces that result in few American casualties. Jarhead insists we

# Bookmark File PDF Jarhead A Marines Chronicle Of The Gulf War

remember the Americans who are in fact wounded or killed, the fields of smoking enemy corpses left behind, and the continuing difficulty that American soldiers have reentering civilian life. A harrowing yet inspiring portrait of a tormented consciousness struggling for inner peace, Jarhead will elbow for room on that short shelf of American war classics that includes Philip Caputo's A Rumor of War and Tim O'Brien's The Things They Carried, and be admired not only for the raw beauty of its prose but also for the depth of its pained heart.

A harrowing yet inspiring portrait of a tormented consciousness struggling for reconciliation and peace, JARHEAD is authentic, revelatory and brilliantly crafted. Anthony Swofford's grandfather fought in WWII; his father fought in Vietnam; and he - a directionless, testosterone-battered teenager - became a scout/sniper in the marines and fought in the Gulf War. His account of that time is also part of a lineage - after Wilfred Owen, Norman Mailer, Michael Herr and Tim O'Brien, it brings the raw and searing tradition of soldiers' stories up to date.

When the Marines were sent to Saudi Arabia for Operation Desert Storm, Anthony Swofford was there, with a hundred-pound pack on his shoulders and a sniper's rifle in his hands.

Anthony Swofford's war novel Jarhead: a Marine's chronicle of the Gulf War and other battles (2003) but it seems as if it is normal in the United States Marine Corps, (USMC), to which the author belonged during the first Gulf War. Having grown up in Tachikawa, Japan and having served a ordinary High-School education it is interesting to find out, where this attitude came from and if it already existed in the mind of the author.

1989. Severin Boxx is the seventeen-year-old son of an Air Force pilot who lives on a military base in Japan. He loves -- from afar -- Virginia Kindwall, the daughter of the general who runs the base. Virginia is tough and sophisticated beyond her years, and when she falls in with the Japanese underground her dealings result in her disappearance and Severin is forced to return to America. 2006. Unhappily married and living in San Francisco, Severin's life is turned upside-down by the arrival of a postcard from General Kindwall, now dying in a hospital in Vietnam, asking him to find his daughter before he dies. But the search for Virginia will take him back to the country of his youth, and to unexpected consequences for both. Suffused with the same intensity of emotion and facility with language as Jarhead, Anthony Swofford's debut novel marks the arrival of a major new voice in fiction.

Based on Evan Wright's National Magazine

Award-winning story in Rolling Stone, this is the raw, firsthand account of the 2003 Iraq invasion that inspired the HBO® original mini-series. Within hours of 9/11, America's war on terrorism fell to those like the twenty-three Marines of the First Recon Battalion, the first generation dispatched into open-ended combat since Vietnam. They were a new pop-culture breed of American warrior unrecognizable to their forebears—soldiers raised on hip hop, video games and The Real World. Cocky, brave, headstrong, wary and mostly unprepared for the physical, emotional and moral horrors ahead, the “First Suicide Battalion” would spearhead the blitzkrieg on Iraq, and fight against the hardest resistance Saddam had to offer. Hailed as “one of the best books to come out of the Iraq war” (Financial Times), Generation Kill is the funny, frightening, and profane firsthand account of these remarkable men, of the personal toll of victory, and of the randomness, brutality and camaraderie of a new American War.

The publication of Jarhead launched a new career for Anthony Swofford, earning him accolades for its gritty and unexpected portraits of the soldiers who fought in the Gulf War. It spawned a Hollywood movie. It made Swofford famous and wealthy. It also nearly killed him. Now with the same unremitting intensity he brought to his first memoir, Swofford describes his search for

# Bookmark File PDF Jarhead A Marines Chronicle Of The Gulf War

identity, meaning, and a reconciliation with his dying father in the years after he returned from serving as a sniper in the Marines. Adjusting to life after war, he watched his older brother succumb to cancer and his first marriage disintegrate, leading him to pursue a lifestyle in Manhattan that brought him to the brink of collapse. Consumed by drugs, drinking, expensive cars, and women, Swofford lost almost everything and everyone that mattered to him. When a son is in trouble he hopes to turn to his greatest source of wisdom and support: his father. But Swofford and his father didn't exactly have that kind of relationship. The key, he realized, was to confront the man-a-philandering, once hard-drinking, now terminally ill Vietnam vet he had struggled hard to understand and even harder to love. The two stubborn, strong-willed war vets embarked on a series of RV trips that quickly became a kind of reckoning in which Swofford took his father to task for a lifetime of infidelities and abuse. For many years Swofford had considered combat the decisive test of a man's greatness. With the understanding that came from these trips and the fateful encounter that took him to a like-minded woman named Christa, Swofford began to understand that becoming a father himself might be the ultimate measure of his life. Elegantly weaving his family's past with his own present-nights of excess and sexual conquest, visits with injured war veterans,

# Bookmark File PDF Jarhead A Marines Chronicle Of The Gulf War

and a near-fatal car crash—Swofford casts a courageous, insistent eye on both his father and himself in order to make sense of what his military service meant, and to decide, after nearly ending it, what his life can and should become as a man, a veteran, and a father.

An ex-Marine captain shares his story of fighting in a Recon battalion in Afghanistan and Iraq, beginning with his training at Quantico and following his experiences in the deadliest conflicts since the Vietnam War.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Jarhead: A Marine's Chronicle of the Gulf War and Other Battles." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.
