There were a lot of plot twists, and even though I called the drama before it happened, there wasn't much time to ever grow bored. The relationship between Ranulf and Lyonene ...

Following in the footsteps of classic films like *The Maltese Falcon* and *The Lady from Shanghai*, veteran photographer Fred Lyon creates images of San Francisco in high contrast with a sense of mystery. In this latest offering from the photographer of San Francisco: *Portrait of a City 1940–1960*, Lyon presents a darker tone, exploring the hidden corners of his native city. Images taken in the foggy night are illuminated only by neon signs, classic car headlights, apartment windows, or streetlights. Sharply dressed couples stroll out for evening shows, drivers travel down steep hills, and sailors work through the night at the old Fisherman's Wharf. Stylistically, many of the photographs are experimental the noir tone is enhanced by double exposures, elements of collage, and blurred motion. These strikingly evocative duotone images expose a view of San Francisco as only Fred Lyon could capture.

Longlisted for the Center for Fiction First Novel Prize “ Fabulously written, this spellbinding debut novel is a real page-turner. A powerful, brilliantly imagined story ” (Library Journal, starred review) about an ambitious young artist whose accidental photograph of a boy falling to his death could jumpstart her career, but devastate her most intimate friendship. Lu Rile is a relentlessly focused young photographer struggling to make ends meet. Working three jobs, responsible for her aging father, and worrying that her crumbling loft apartment is being sold to developers, she is at a point of desperation. One day, in the background of a self-portrait, Lu accidentally captures an image of a boy falling to his death. The photograph turns out to be startlingly gorgeous, the best work of art she ’ s ever made. It ’ s an image that could change her life...if she lets it. But the decision to show the photograph is not easy. The boy is her neighbors ’ son, and the tragedy brings all the building ’ s residents together. It especially unites Lu with the boy ’ s beautiful grieving mother, Kate. As the two forge an intense bond based on sympathy, loneliness, and budding attraction, Lu feels increasingly unsettled and guilty, torn between equally fierce desires: to advance her career, and to protect a woman she has come to love. Set in early 90s Brooklyn on the brink of gentrification, *Self-Portrait with Boy* is a “ sparkling debut ” (The New York Times Book Review) about the

I wish I were brave enough to give into what his eyes promise, to just grab ahold of it and forget everything else. But life is never that easy, this I know. I'd learned it the hard way. Moving halfway across the country to escape my past, I hadn't expected to run smack dab into someone like him. I'd been prepared to hide away in the little town, away from everyone and everything I knew to lick my wounds and hopefully some day make a fresh start. But I knew that wasn't going to be possible with my pushy new boss who seems to see way too much when he looks at me. Even the things I try hardest to hide. I knew there was more to my mousy new secretary but couldn't quite put my finger on what that more might be. Until I saw the real her, the woman she kept hidden beneath the ugly suits and old maid bun. Now I've made it my mission to fix whatever went wrong in her life, since I've decided to claim her.
