A poignant, hilarious, and inspiring memoir from the first Latino and openly gay inaugural poet, which explores his coming-of-age as the child of Cuban immigrants and his attempts to understand his place in America while grappling with his burgeoning artistic and sexual identities. Richard Blanco 's childhood and adolescence were experienced between two imaginary worlds: his parents ' nostalgic world of 1950s Cuba and his imagined America, the country he saw on reruns of The Brady Bunch and Leave it to Beaver—an “ exotic ” life he yearned for as much as he yearned to see “ la patria. ”

Navigating these worlds eventually led Blanco to question his cultural identity through words; in turn, his vision as a writer—as an artist—prompted the courage to accept himself as a gay man. In this moving, contemplative memoir, the 2013 inaugural poet traces his poignant, often hilarious, and quintessentially American coming-of-age and the people who influenced him. A prismatic and lyrical narrative rich with the colors, sounds, smells, and textures of Miami, Richard Blanco's personal narrative is a resonant account of how he discovered his authentic self and ultimately, a deeper understanding of what it means to be American. His is a singular yet universal story that beautifully illuminates the experience of “becoming;” how we are shaped by experiences, memories, and our complex stories: the humor, love, yearning, and tenderness that define a life.

Richard Blanco's prismatic and lyrical memoir of growing up in a family of Cuban exiles in Miami during the 1970s and '80s, *The Prince of los Cocuyos*, is a rich account of how Blanco, the first Latino and openly gay inaugural poet of the United States, came to understand his place in America while grappling with his burgeoning cultural, artistic, and sexual identities.

For All of Us, One Today is a fluid, poetic story anchored by Richard Blanco's experiences as the inaugural poet in 2013, and beyond. In this brief and evocative narrative, he shares for the first time his journey as a Latino immigrant and openly gay man discovering a new, emotional understanding of what it means to be an American. He tells the story of the call from the White House committee and all the exhilaration and upheaval of the days that

followed. He reveals the inspiration and challenges behind the creation of the inaugural poem, “ One Today, ” as well as two other poems commissioned for the occasion (“ Mother Country ” and “ What We Know of Country ”), published here for the first time ever, alongside translations of all three of those poems into his native Spanish. Finally, Blanco reflects on his life-changing role as a public voice since the inauguration, his spiritual embrace of Americans everywhere, and his vision for poetry ’ s new role in our nation ’ s consciousness. Like the inaugural poem itself, For All of Us, One Today speaks to what makes this country and its people great, marking a historic moment of hope and promise in our evolving American landscape. In 2017, U2 is featuring “ One Today ” during their Joshua Tree tour throughout the United States and Europe. The poem will be projected on the stage

Family continues to be a wellspring of inspiration and learning for Blanco. His third book of poetry, *Looking for The Gulf Motel*, is a genealogy of the heart, exploring how his family's emotion legacy has shaped—and continues shaping—his perspectives. The collection is presented in three movements, each one chronicling his understanding of a particular facet of life from childhood into adulthood. As a child born into the milieu of his Cuban exiled familia, the first movement delves into early questions of cultural identity and their evolution into his unrelenting sense of displacement and quest for the elusive meaning of home. The second, begins with

poems peering back into family again, examining the blurred lines of gender, the frailty of his father-son relationship, and the intersection of his cultural and sexual identities as a Cuban-American gay man living in rural Maine. In the last movement, poems focused on his mother ' s life shaped by exile, his father ' s death, and the passing of a generation of relatives, all provide lessons about his own impermanence in the world and the permanence of loss. Looking for the Gulf Motel is looking for the beauty of that which we cannot hold onto, be it country, family, or love.

In his second book of narrative, lyric poetry, Richard Blanco explores the familiar, unsettling journey for home and connections, those anxious musings about other lives: Ò Should I live here? Could I live here? Ó Whether the exotic (Ò I Õm struck with Maltese fever É I dream of buying a

little Maltese farm É) or merely different (Ò Today, home is a cottage with morning in the yawn of an open window É Ó), he examines the restlessness that threatens from merely staying put, the fear of too many places and too little time. The words are redolent with his Cuban heritage: Marina making mole sauce; T ' a Ida bitter over the revolution, missing the sisters who fled to Miami; his father, especially, Ò his hair once as black as the black of his oxfords É Ó Yet this is a volume for all who have longed for enveloping arms and words, and for that sanctuary called home. Ò So much of my life spent like this-suspended, moving toward unknown places and names or returning to those I know, corresponding with the paradox of crossing, being nowhere yet here. Ó Blanco embraces juxtaposition. There is the Cuban Blanco, the American Richard, the engineer by day, the poet by heart, the rhythms of Spanish, the

percussion of English, the first-world professional, the immigrant, the gay man, the straight world. There is the ennui behind the question: why cannot I not just live where I live? Too, there is the precious, fleeting relief when he can write "É I am, for a moment, not afraid of being no more than what I hear and see, no more than this:..." It is what we all hope for, too.

Cuba, an island 750 miles long, with a population of about 11 million, lies less than 100 miles off the U.S. coast. Yet the island's influences on America's cultural imagination are extensive and deeply ingrained. In the engaging and wide-ranging *Havana Habit*, writer and scholar Gustavo Pérez Firmat probes the importance of Havana, and of greater Cuba, in the cultural history of the United States. Through books, advertisements, travel guides, films, and music, he demonstrates the influence of the

island on almost two centuries of American life. From John Quincy Adams ' s comparison of Cuba to an apple ready to drop into America ' s lap, to the latest episodes in the lives of the “ comic comandantes and exotic exiles, ” and to such notable Cuban exports as the rumba and the mambo, cigars and mojitos, the Cuba that emerges from these pages is a locale that Cubans and Americans have jointly imagined and inhabited. The Havana Habit deftly illustrates what makes Cuba, as P é rez Firmat writes, “ so near and yet so foreign. ”

Raising My Rainbow is Lori Duron ' s frank, heartfelt, and brutally funny account of her and her family's adventures of distress and happiness raising a gender-creative son. Whereas her older son, Chase, is a Lego-loving, sports-playing boy's boy, Lori's younger son, C.J., would much rather twirl

Whatever the term, Lori has a boy who likes girl stuff—really likes girl stuff. He floats on the gender-variation spectrum from super-macho-masculine on the left all the way to super-girly-feminine on the right. He's not all pink and not all blue. He's a muddled mess or a rainbow creation. Lori and her family choose to see the rainbow. Written in Lori's uniquely witty and warm voice and launched by her incredibly popular blog of the same name, *Raising My Rainbow* is the unforgettable story of her wonderful family as they navigate the often challenging but never dull privilege of raising a slightly effeminate, possibly gay, totally fabulous son. A timely and moving collection from the renowned inaugural poet on issues facing our country and people—immigration, gun violence, racism, LGBTQ issues, and more. Through an oracular yet intimate and accessible voice, Richard Blanco addresses the complexities and contradictions of our nationhood and the unresolved sociopolitical matters that affect us all. Blanco digs deep into the very marrow of our nation through poems that interrogate our past and present, grieve our injustices, and note our flaws, but also remember to celebrate our ideals and cling to our hopes. Charged with the utopian idea that no single narrative is more important than another, this book asserts that America could and ought someday to be a country where all narratives converge into one, a country we can all be proud to love and where we can all truly thrive. The poems form a mosaic of

seemingly varied topics: the Pulse nightclub massacre; an unexpected encounter on a visit to Cuba; the forced exile of 8,500 Navajos in 1868; a lynching in Alabama; the arrival of a young Chinese woman at Angel Island in 1938; the incarceration of a gifted writer; and the poet ' s abiding love for his partner, who he is finally allowed to wed as a gay man. But despite each poem ' s unique concern or occasion, all are fundamentally struggling with the overwhelming question of how to love this country.

A NATIONAL BESTSELLER This beloved memoir "is an extraordinary, honest, nuanced and compassionate look at adoption, race in America and families in general" (Jasmine Guillory, Code Switch, NPR) What does it mean to lose your roots—within your culture, within your family—and what happens when you find them? Nicole Chung was born severely

premature, placed for adoption by her Korean parents, and raised by a white family in a sheltered Oregon town. From childhood, she heard the story of her adoption as a comforting, prepackaged myth. She believed that her biological parents had made the ultimate sacrifice in the hope of giving her a better life, that forever feeling slightly out of place was her fate as a transracial adoptee. But as Nicole grew up—facing prejudice her adoptive family couldn't see, finding her identity as an Asian American and as a writer, becoming ever more curious about where she came from—she wondered if the story she'd been told was the whole truth. With warmth, candor, and startling insight, Nicole Chung tells of her search for the people who gave her up, which coincided with the birth of her own child. *All You Can Ever Know* is a profound, moving chronicle of surprising connections and the repercussions of

One Today is a poem celebrating America. President Barak Obama invited Richard Blanco to write a poem to share at his second presidential inauguration. That poem is One Today, a lush and lyrical, patriotic commemoration of America from dawn to dusk and from coast to coast. Brought to life here by beloved, award-winning artist Dav Pilkey, One Today is a tribute to a nation where the extraordinary happens every single day.
